
Free Valve Evaluation Sample

This offer applies to any original equipment manufacturer (OEM) with a qualifying project and interest in Humphrey new technology products, including:

Balanced Valve Series: 15, 19 and 25mm direct acting, 3 and 4-port solenoid valves featuring compact construction, high flow, and ultra-low leak rates.

ProControl®: Proportional Solenoid Valves PC3, PC10 and PC30 targeted at the OEM requiring variable valve flow via variable input current.

Humphrey iDP: Series of inert diaphragm-poppet, media separated solenoid valves specifically designed for control of aggressive liquids and gases.

HK5: Miniature diaphragm-poppet direct acting 3-port solenoid valve features unique universal inert construction ideal for difficult pneumatic and mild liquid use.

Please fill out the form below and return to us via fax at 269.381.4113.

Once we've received your form, a Humphrey representative will contact you to assist with valve sample selection.
